** The Education Endowment Fund's (EEF) research rightly recommends that schools follow an 'Assess, Plan, Do, Review' model when allocating Pupil Premium funding. The school has been successful in meeting the needs of pupils historically and we anticipate our priorities remaining the same over a three year period. However, we have had significant student mobility during the Covid period and for this reason, we believe it to be prudent to review our approach annually given the changing student population.*

Part A: Pupil premium Strategy Plan

Statement of intent

The mission of Ark Schools is to ensure that all children, regardless of background, leave school with genuine choices in how they shape their future. As an Ark school, we share this aim and recognise our responsibility to do all we can to enable children leave our school secondary ready. As a school with around 1/3 of pupils eligible for Pupil Premium, we recognise the importance of spending this funding in areas that will help to close the attainment gap and ensure that there is equality of opportunity regardless of background. These aims translate to four key areas: (i) high quality teaching alongside a broad and rigorous curriculum that meets the needs of all (ii) securing specialist provision so that we have the expertise in place to deliver our aims (iii) equality of access so that 'disadvantage' is not a barrier to opportunity and (iv) spending to guarantee high levels of attendance and wellbeing. The Ark Atwood Local Governing Body (LGB) will review progress against targets at each meeting including reviewing attainment data for Pupil Premium vs non Pupil Premium children.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

4	Limited vocabulary and enjoyment of reading
5	Limited real life experiences outside of the academy
