Achieving Success

Newsletters and Communication

We all know this is key in schools and we're aiming to do the best we can with this. Lots of helpful information is shared via Parent Mail and I will make sure I write every fortnight in these newsletters with further information and notices. Your feedback is really appreciated – please let me know anything else that you'd like to see or to be included and I'll try to do so.

Values – Perseverance

Our ASPIRE values are very important to us in the school – this week we have been talking about Scholarship and I have seen children really taking their learning seriously and demonstrating great learning behaviours. Next week we are moving on to Perseverance and talking to the children about how we can encourage each other and ourselves in order to over-come the challenges we face.

E Safety

We have a strong emphasis on E Safety next week. Workshops will be taking place in KS2 classes throughout the day on Monday and staff will receive further training after school. A reminder that the **Parent E Safety workshop is at 8.45am on Monday** – we look forward to seeing as many of you as possible there.

Uniform

Thank you so much for your support with uniform. Children are coming into school looking very smart and ready to learn. Please ensure your children are in full school uniform, as shown by our lovely models to the right. Please remember ties and black shoes. Children – this is your responsibility as much as it is the adults!

One Way at Home Time Please!

I know it is a really busy time at the end of the day and can be difficult, especially if you have children in different year groups. It is easier for everyone if we can stick to the one-way route through the school – thank you in advance for your cooperation with this. We've got some work to do as well and will be looking at the best way to make collection of Reception children smoother.

And Finally...

We have made some changes to the menu for school lunches – we'd love your feedback...

Year 5 – Loving School!
